## PROFESSIONAL SUMMARY

Frontend Developer with 3+ years of experience building scalable, high-performance web applications. Specialized in React, TypeScript, and modern UI frameworks, with proven success in improving performance, reliability, and user experience. Known for delivering measurable outcomes such as 30% faster load times, 40% higher test coverage, and award-winning project execution in Agile environments.

## SKILLS

- Frontend: React.js, TypeScript, Redux, React Query, JavaScript (ES6+), HTML5, CSS3, SASS, Tailwind CSS, Bootstrap
- APIs & Tools: REST APIs, Axios, Fetch API, Postman, Git, GitHub
- Testing: Jest, React Testing Library
- Methodologies: Agile, Scrum
- Soft Skills: Collaboration, Problem-Solving, Communication, Teamwork

## EXPERIENCE

Tata Consultancy Services (TCS) – Frontend Developer

July 2022 – Present

- Improved performance: Boosted page load speed by 30% via code-splitting, lazy loading, and render optimization.
- Optimized reliability: Designed advanced state management with Redux, reducing API redundancy and improving system stability.
- Enhanced user experience: Built responsive, cross-browser UIs with React, TypeScript, and Tailwind CSS, meeting accessibility standards.
- Increased efficiency: Cut API handling time by 25% using Axios + React Query.
- Quality assurance: Raised test coverage by 40% with Jest + React Testing Library, reducing production bugs.
- Agile delivery: Collaborated with cross-functional teams, delivering features ahead of deadlines.

## Achievements:

- Multiple On-the-Spot Awards for problem-solving and timely delivery.
- Best Team award

## KEY PROJECTS

### Sainsbury's Retail Web Application – Frontend Developer

- Developed and maintained a React + TypeScript web application for Sainsbury's retail operations, serving thousands of daily users.
- Implemented state management with Redux and optimized API integration using Axios + React Query, improving data-fetching efficiency and reducing redundant calls.
- Built responsive, cross-browser UIs with Tailwind CSS and SASS, ensuring accessibility and consistent user experience across devices.
- Enhanced application performance by applying lazy loading, code-splitting, and render optimization, achieving up to 30% faster load times.
- Wrote unit and integration tests with Jest and React Testing Library, increasing test coverage by 40% and reducing production issues.
- Collaborated closely with backend engineers, designers, and QA teams in Agile sprints, delivering features ahead of deadlines.

## EDUCATION

### B. Tech – Mechanical Engineering

SASTRA Deemed University (2018 – 2022) | CGPA: 7.3
